

North Lincolnshire Residents' Panel – Launching early 2020

Tell us what you think by applying to join the North Lincolnshire Residents' Panel ● ● ●

The online panel will be made up of local residents who we will go to when we want to get a better understanding of resident's views on local issues. Panel members will be sent regular surveys asking for views on a range of topics. We will regularly feed back and inform members how the results are being used to shape and improve local services.

Anybody who is over 16 and resident of North Lincs can apply to join the panel. In order to ensure that the panel is representative of North Lincolnshire's diverse population, acceptance onto the panel is not automatic.
