

Side by Side North Lincolnshire

Don't just change someone's life. Change yours too.

This fun, friendly, super-flexible volunteering opportunity matches you with someone with dementia so you can help them keep on doing the things they love – and try new things too.

That might be going to a football match. Catching the latest movie. A jog round the park, a splash in the pool, a mooch around the shops, a catch-up over coffee or supporting them to volunteer themselves.

Whatever they'd like to do, together you decide where and when. One thing you can be sure of is bringing a lot of joy into someone's life by empowering them to continue playing an active part in their community.

Alzheimer's Society operates in England, Wales and Northern Ireland. Registered charity number 296645
