Technical information about this website’s accessibility

Elsham Parish Council is committed to making its website accessible, in accordance with the Public Section Bodies (Website and Mobile Applications) (No 2) Accessibility Regulations 2018.

This website is fully compliant with the Web Content Accessibility Guidelines version 2.1 AA standard.

Disproportionate burden

Our accessibility evaluation is based on a basic check as we believe that, give the size and relative simplicity of our website, the cost of an external audit would place a disproportionate burden on the Parish Council.

Content that’s not within the scope of the accessibility regulations

PDFS and other documents

Many of our older PDFs may not meet accessibility standard – for example, they may not be structured so they’re accessible to a screen reader.

The accessibility regulations do not require us to fix PDFs or other documents published before 23rd September 2018 if they are not essential to providing our services. For example. We do not plan to fix agenda and minutes published before that date.

Any new PDFs we public will meet accessibility standards.
